

Summary of Department of Environment and Heritage (DEH) and Environmental Management Systems (EMS) Documents – Hazards general

These documents deal with the following:

- The March 2006 annual ESD audit report for DEH covering 14 issues identified during DEH's ESD assessment of the rock lobster fishery. The report sets out the current status regarding these issues. The table of contents of the report listing the 14 issues is provided below (1 doc).
- The amended / updated March 2005 rock lobster fishery Environmental Management Systems. This document provides an update of how the issues identified in the initial (2001) ERA of the fishery are being dealt with by the management system. It deals with sea lions, turtles, impacts on coral, waste management at the Abrolhos Is, fishery impacts on the ecosystem, whales and dolphins and octopus and deep sea crab bycatches (1 doc).
- An example of a quarterly progress report on the EMS (February 2005), which covers the same issues as the March update described above (1 doc).

Contents of DEH Audit Report March 2006 (see report for details).

EXECUTIVE SUMMARY	Error! Bookmark not defined.	
INTRODUCTION	Error! Bookmark not defined.	
RECOMMENDATION 1 (Management triggers & Performance indicators)		Error!
Bookmark not defined.		
RECOMMENDATION 2 (Breaches of triggers and performance indicators)		Error!
Bookmark not defined.		
RECOMMENDATION 3 (Compliance and enforcement strategy)	Error! Bookmark not defined.	
RECOMMENDATION 4 (RLIAC terms of reference)	Error! Bookmark not defined.	
RECOMMENDATION 5 (Stakeholder involvement and peer review)	Error! Bookmark not defined.	
Bookmark not defined.		
RECOMMENDATION 6 (Harvest of immature animals & reduction in egg production or puerulus settlement)	Error! Bookmark not defined.	
RECOMMENDATION 7 (Annual estimate of recreational and indigenous harvest)	Error!	
Bookmark not defined.		
RECOMMENDATION 8 (Fishing efficiency)	Error! Bookmark not defined.	
RECOMMENDATION 9 (Octopus)	Error! Bookmark not defined.	
RECOMMENDATION 10 (Deep sea crabs)	Error! Bookmark not defined.	
RECOMMENDATION 11 (Endangered, threatened, protected or bycatch species)	Error!	
Bookmark not defined.		
RECOMMENDATION 12 (Role of larger rock lobsters in the fishery)	Error! Bookmark not defined.	
Bookmark not defined.		
RECOMMENDATION 13 (Ecosystem impacts of the fishery – fished versus unfished reference areas)	Error! Bookmark not defined.	
RECOMMENDATION 14 (Environmental management plan – waste management)	Error!
