If you don't want to take up this opportunity, please help us by telling us why.

I don't think I want/need this service because: (tick)

- I have already had a full audit of my business for OH&S compliance
- I don't understand how this service could help my business
- I employ a full or part-time OH&S manager or consultant
- I feel I am suitably trained to carry this out myself
If so, what training have you completed?
